CUSTOM DESIGNED PENTHOUSES AT VANCOUVER HOUSE

Dear Friends and Family,

Vancouver House is conceived and crafted as Canada's first Super Prime real estate, designed by renowned architect Bjarke Ingels of BIG, and developed by Westbank, one of North America's leading luxury real estate developers.

With the full sellout of all 57 floors of Architect Series and Estate Homes at Vancouver House, we are excited to announce the final opportunity to purchase your own "Living Sculpture".

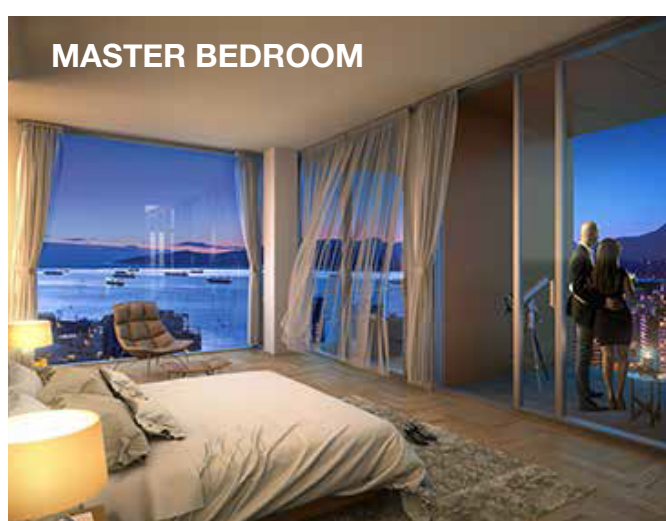

The Penthouses at Vancouver House offer a special once-in-a-lifetime opportunity, to purchase an original home with custom designed interiors for your every desire by BIG.

I have the opportunity to provide special priority for my valued clients.

Every feature of the Penthouses at Vancouver House offers residents the ability to take full advantage of living on top of one of Vancouver's tallest and best-located residential towers. Spectacular views spanning from False Creek to the North Shore Mountains, rooftop terraces with private hot tubs, and all interior design appointments by BIG just to start.

Penthouses starting from \$4,988,800.
