I have been a property manager with Rancho Management for 13 1/2 years. I received your e-mail address this evening from a prospective tenant. I cannot begin to tell you how much this site is going to help me with regard to properties that I manage units in. A HUGH THANKS.

About Les

As Team Manager, Les directs and guides all team members, delegating duties to insure favourable outcomes. In turn, each member has his/her own job classification, whether scheduling, financing, conveyancing or assisting with property research. This allows Les to spend more time with clients and to focus on the more critical business issues at hand. Les has strong work ethics and is available to service your needs directly 12 hours a day. Call him directly at the numbers below or e-mail him with any questions that you may have.

When it comes to real estate, few people know more than Les Twarog. Since 1988 Les has been making the market work for him. Learning the ropes quickly with Multiple Realty, Les soon left to begin his own business, converting existing single-owner stratified rental properties into multi-owner ones. For three years his business boomed, until the condo market turned in 1993. Not to be deterred, he hitched his rising star to the global real estate company, RE/MAX. Ever since then, Les has been consistently ranked in the top 1-2% of Vancouver REALTORS®.

His true passion lies in harnessing the networking power of the internet. Over the last 10 years, Les has developed the ultimate in Vancouver Real Estate websites, cataloguing over 7000 individual properties under the BCcondos.net domain. Standing among numerous others, www.6717000.com/marketupdate, exemplifies the comprehensive nature of the information on Les' sites. Each site hallmarks the fact that a Les Twarog website is a one stop shop for all of your real estate needs.
