# A NEW VISION FOR SAN DIEGO

Over the past four decades, real estate developer Nat Bosa has earned an unparalleled reputation for creating residential towers that live up to the highest standards of quality and design integrity.

Bosa has a deep personal affection for San Diego, and has been a pioneer in its evolution. Pacific Gate, which elevates elegant vertical living in the city, is his finest achievement to date.

Bringing world-class architecture to downtown San Diego, he is a leader in transforming the city’s core through considered and outstanding design.

The award-winning and internationally renowned firm of Kohn Pedersen Fox (KPF) is known for crafting the skylines of the future in premier cities worldwide. Urbanists with a gracious touch, they take their inspiration from nature and culture to create buildings that resonate perfectly with their surroundings.

The architectural profile of Pacific Gate – KPF’s first commission in San Diego – is inspired by the sensuous curve of the nautilus shell and the luminous colors of the Pacific coastline.
